3 GOOD REASONS FOR CHOOSING ARTO

Brand

Stylish design has always been a stamp of authenticity of Villeroy & Boch. With a keen sense of trends, we create distinctive bathrooms that make life more beautiful and comfortable. You can experience the result of our research and development every day anew: With great attention to detail, our innovative products and solutions make every minute in the bathroom a pure pleasure.

With precise craftsmanship, state-of-the-art technology and strict quality standards, we create products that will last for many years like the first day of purchase. The name Villeroy & Boch guarantees the highest quality and reliability.

Complete collections

The bath and wellness products from Villeroy & Boch transform a functional place into an individual wellness area. With Villeroy & Boch, complete bathrooms can be realized from a single source.

Arto is the name of the high-quality complete bathroom collection by Villeroy & Boch, which offers everything you need for a stylish, functional and comfortable bathroom design: ceramic washbasins, WC and shower toilet, bathroom furniture, illuminated mirrors and mirror cabinets as well as shower trays and bathtubs. With various combination possibilities and installation variants, Arto showcases the diversity of the geometric design and creates a timeless modern ambience in the bathroom.

Current colours

Both the elegant, handleless base cabinets in addition to the high and side cabinets are available in the five current finishes White, Grey, Elm Impresso and Nebraska Oak.

CeramicPlus

Option on Ceramic

Less cleaning - more time to enjoy life

CeramicPlus is the innovative development for clean and particularly easy-care ceramic surfaces. The CeramicPlus surface refinement has a decisive advantage: Fluids immediately form droplets on contact and bead off into the outlet. Residues such as dirt and scale can hardly stick to the surface and are swept away. Cleaning ceramic coated with CeramicPlus is thus easier. Dried limescale marks are removed in no time at all without using aggressive, abrasive and polluting cleaners. CeramicPlus establishes optimum hygiene and fresh cleanliness on all surfaces. The material is resistant to normal acid and alkaline based household articles and against medical and cosmetic products.

High quality finishes with easy care

- Scratch-resistant and durable surfaces
- Clean and hygienic
- Extremely easy to clean
- Highly resistant to acids and alkalis
- Highest material quality standards

Please note: Ceramic Plus is a special order on ceramics

villeroyboch.com/ceramicplus

Quaryl®

Beauty for eternity

The very first touch is mesmerising. Being silky smooth as well as nice and warm against your skin, Quaryl® bathroom products are perfect for making you feel good. And even the design makes a lasting impression. Find inspiration in the timelessly clear and precise design that is only possible with Quaryl®. Robust surfaces and durable quality complete the perfect experience. Discover the comfortable baths and shower trays made from Quaryl® and enjoy precious moments in your bathroom.

Quaryl® and its convincing advantages:

- Non-porous and smooth surface that is slip-resistant and safe
- Warming and skin-friendly with excellent thermal insulation
- Hardly susceptible to dirt
- Fast and easy to clean
- Extremely impact and scratch-resistant
- Permanently color and UV resistant
- Ideal for flush mounting of whirlpool systems

villeroyboch.com/quaryl

DirectFlush

A perfect design for the highest degree of cleanliness

Thanks to the innovative rimless design, DirectFlush WCs can be cleaned quickly and thoroughly - for quintessential hygiene. It can be hard to clean under the rim of a standard toilet as the toilet brush and cleaning agent do not reach everywhere.

Hygiene

- Easy care and immaculate cleaning thanks to the rimless design
- The total interior of the bowl is completely flushed
- Precise, splash-free flow of water in the toilet right up to the level directly below the rim

Efficiency

- Ideal water flow for maximum flushing effect
- Water-saving, with a flushing volume of only 3 or 4.5 litres

Express Delivery

Villeroy & Boch make certain product article numbers available with their Express Delivery icon. These products are their intended stock items in Germany and should be available for quick delivery subject to their normal production schedules.

T's & C's apply. All prices indicated are recommended prices in GBP and subject to VAT. We reserve the right to make (price) changes; prices are subject to printing errors. Claims arising from incorrect prices and descriptions may not be considered. Offers, sales and deliveries are subject to "General Sales Conditions".

ARTO - OVERVIEW

Refreshingly discreet. The ViClean technology in the innovative shower toilets operates intuitively without compromising the design, being almost fully hidden in the ceramics.

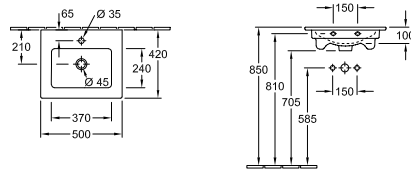

Very elegant. Behind the double mirror doors hides functional storage space. Your daily bath utensils are safely stored on tilt-proof glass shelves.

Quaryl® bathtubs with an amazingly thin rim of only 10 mm successfully demonstrate the perfect synergy of innovative technology and characteristic design language - combined with indescribable lightness. The Arto built-in baths are available in different sizes - a solo version with drain at the foot end and a duo version with central drain. The duo back-to-wall bathtub additionally offers a space-saving alternative to a freestanding bathtub. And for special comfort, the duo built-in bath is available as a whirlpool. The 180 x 80 cm version is regulated by tub rim operation and features air-bottom and water side jets including integrated lighting (LEDs inside).
